

HP-4 Recessed with Regressed Diffuser 1" T-Bar Starter/Independent Installation Instructions

Scan QR code for helpful video(s)

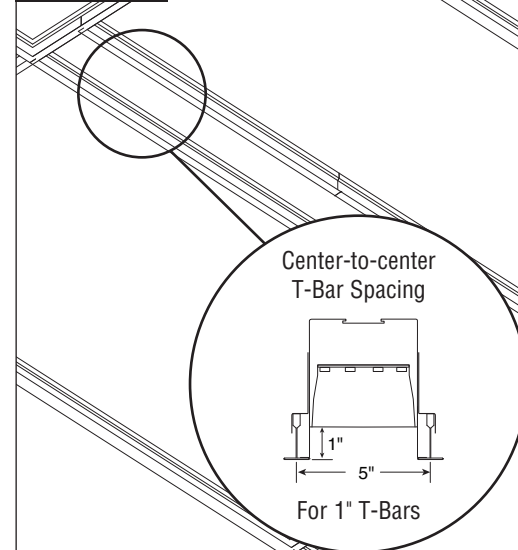

0 - 10V Dimming

Step 1

Remove diffuser and set aside to prevent it from getting dirty or damaged.

Step 2

Configure T-Bar to luminaire size and leave an opening for luminaire. As noted above.

Step 3

Place luminaire on T-Bar.

Step 4

Install T-Bar bracket onto luminaire. Secure with #8-18 x 1/4" screws (provided). Secure luminaire to building structure using tie-wire, as per code.

Step 5

Remove conduit plate from end of luminaire and insert conduit through conduit plate. Secure conduit with jam nut. **NOTE:** Purple and gray wires are for Low Voltage Control.

Step 6

Make electrical connections and reinstall conduit plate to luminaire.

Step 7

Secure luminaire to T-Bar by driving #6-20 x 1/2" self drilling screws (provided) through the T-Bar brackets (provided) into the T-Bar.

Step 8

Reinstall diffuser and turn power on to luminaire. **NOTE:** If part of a longer run, diffuser will be reinstalled back into original luminaire section as lengths vary.

Note: All power connections to be installed to local/national codes by a Certified Electrician.

0 - 10V Dimming

Remove diffuser and set aside to prevent it from getting dirty or damaged. **NOTE:** If part of a longer run, diffuser will be reinstalled back into original luminaire section as lengths vary.

Configure T-Bar to luminaire size and leave an opening for luminaire. As noted above.

Place joiner/ender luminaire on T-Bar, next to the starter luminaire.

Connect plug-together wiring and align joiner/ender with joiner plate and carefully slide starter and joiner/ender together.

Use #8-18 x 1/4" screws (provided) to install brackets on all luminaires. Secure all luminaires to building structure using tie-wire, as per code.

IMPORTANT STEP: Install the two #8-18 x 1/2" combo hex screws (provided) into end bracket as shown. Screws can be installed from the left or right. When installed correctly these hex screws will pull luminaires together to make a tight joint. **CAUTION: Do not over-tighten.**

Note: All power connections to be installed to local/national codes by a Certified Electrician.
