### CONTRACTOR-FIRST APPROACH

We understand your pain points and what it takes to get your job completed successfully and allow us to design contractor-friendly solutions.

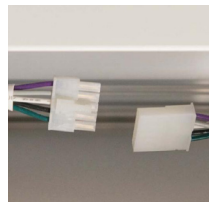

### LOGICAL LOGISTICS

Packed on pallets in sequence from top-to-bottom, all you have to do is sort the pallets on-site, then grab and go.

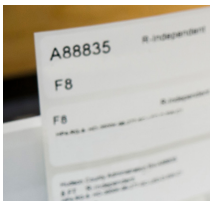

### TESTED AS A COMPLETE SYSTEM

All orders are mechanically pre-assembled and electrically tested no matter the size, eliminating any preventable field issues.

### INSTALL BY NUMBER

Fixtures are supplied with an individual unique ID number. Using the provided detailed Record Drawing the fixtures install in sequence complete with pre-wire electrical plug together connectors.

### UNIQUE ID LABEL

The labeling method allows us to follow every fixture from start to finish. If a field problem arises, locate the fixture ID label and contact us.

### DETAILED INSTRUCTIONS

Easy-to-identify instruction sheets and a copy of the record drawings come with every order.

### PROJECT MANAGEMENT

Working together with your local agent and our Account Managers, we can assist your team in optimizing your bill of material to take advantage of our many labor-saving features for an efficient, trouble-free, and cost-effective installation.
